A torture of tortures. It is an itching and burning of the

No part of the human skin is exempt.

It tortures, disfigures, humiliates more than all other skin diseases. Tender babies are among its

most numerous victims. They are often born with it. Most remedies and the best physicians generally fail

It not only cures but A single application is often sufficient to afford instant relief, permit rest and sleep, and point to a speedy cure.

CUTICURA works wonders because it is the most wonderful skin cure of modern times.
